"We should aim to keep the University in organic connection with its ALUMNI. Wherever they may be, they should be made to feel that they have both rights and duties as regards their ALMA MATER. As regards their RIGHTS, they should be kept well informed regarding the condition of the University by her reports and more important publications; they should be welcomed at her annual and other festivals, and their opinions, when carefully based and thoughtfully expressed, should have full consideration. As to DUTIES, they should be impressed with the idea that they have something to do for the University \* \* \*; that they should take large and friendly views in judging of University questions \* \* \*; that they should aim to make the claims of the University known in the various sections of the country where they may live; and if successful in the accumulation of wealth, to remember that a University is a great and growing nation will always need additional endowments to keep pace with the advance of the country."—EX-PRESIDENT ANDREW D. WHITE, OF CORNELL UNIVERSITY.

## PREFACE.

---

This work, which is purely a labor of love, was begun in June, 1886, by the Committee appointed for that purpose at the annual meeting of the Alumni Association. It is the first book of its kind published for the College, save previous lists of *graduates* with their addresses only. On account of the lack of data from incomplete college records, from the death or unknown whereabouts of many of the students, and from the failure of some to respond to repeated letters, the work falls far short of that completeness which was so earnestly desired. A complete record of all the students of any institution of learning would be of value to its friends in many ways. Many such records for any State or section would afford material for thought on the part of educators.

In so far as the Catalogue is incomplete, its value is diminished, but with its incompleteness, and the errors which are unavoidable in a work of its kind, the Editors hope the book will serve not only to remind the student of his college life and the friendships there formed, but will also afford him much cause for pride in his *Alma Mater* and gratification at the results of her first fifty years' work. Our *Alma Mater*, after struggling with small beginnings, then lack of funds, Faculty dissensions, students' rebellions, and a civil war, is now firmly established on a higher plane of usefulness than ever before. It remains with the *alumni* largely to see that her record for the second fifty years shall be one of ever-increasing brilliancy.

In the preparation of this work we wish to acknowledge our indebtedness to the Alumni Catalogue (1881) by Rev. S. C. Alex-

ander, '48; to the file of Annual Catalogues presented by Professor J. R. Blake, several of which contain names and addresses of the graduates; to the records of the Trustees, Faculty and Literary Societies; also to the vast body of *alumni* and friends of the College who have so generously aided in the work. Among these mention may be made of Dr. J. G. Ramsay, '41; Capt. S. Z. Williamson, '46; A. White, '47; Rev. Dr. J. Rumple, '50; Major J. R. McLean, '51; Capt. H. A. Chambers, '64; Rev. G. Sunmeyer, '70; Rev. A. Sprunt, '75; P. M. Brown, '80; Professor D. H. Hill, '80; Dr. J. R. Adams, '45; Rev. Dr. A. J. Witherspoon, '42; Dr. R. F. Maurice, '56; W. N. Scales, '86; Colonel W. J. Martin, LL. D., and others.

The Editor would also take this occasion to express his acknowledgments to his associates, Professor Hill, Rev. Drs. Lacy and Moore and Professor Smith, for the valuable assistance and cordial co-operation they have given in the preparation of the Catalogue.

## EDITORIAL NOTES.

---

Davidson College was opened on March 1st, 1837, for the admission of students, with Rev. R. H. Morrison, D. D., as President; Rev. P. J. Sparrow as Professor of Languages, and M. D. Johnston as Tutor in Mathematics. The work has been carried on without intermission to the present time. When the Fiftieth Anniversary was near at hand it was decided to prepare some brief account of those who had been connected with the College in various capacities. At their annual meeting in June, 1886, the Alumni Association appointed for the work a committee consisting of the Editor, Professor J. H. Hill, Rev. W. S. Lacy and Professor W. J. Bingham. At the Commencement in 1888, Professor Henry Louis Smith was appointed to fill the vacancy caused by the lamented death of Professor Bingham. About January, 1889, Rev. W. W. Moore, D. D., was added to the Committee.

The bulk of the work was so great that it was impossible to complete the Catalogue by the time desired. To meet the needs of the occasion to some extent, however, and to aid the Editors in their work also, a Preliminary Catalogue of sixty-one pages was published on March 31st, 1887, containing the names and addresses of the students. Owing to the fact that no previous list of this kind had been published the work was very difficult. There were no College Catalogues for the years '36-'37 to '42-'43, inclusive; '44-'45, '59-'60 and '61-'62 to '67-'68, inclusive. The College records also previous to 1861 were lost. The only way remaining by which we could obtain the students' names was to examine the minute books of the two Literary Societies and record each name as it appeared for the first time. This method is tedious and liable to inaccuracy, and while it is probable that some names have been omitted for the years previous to 1861, it is almost certain that the names of about seventy-five members of the Sub-Freshman Class from '61-'65 have been omitted; of these we have been unable to obtain the slightest trace.

We have written over three and a half thousand letters and mailed as many circulars in our endeavors to get information relating to each student, but notwithstanding this we regret to say that there are over four hundred and fifty whose occupations are unknown to us. We are glad, however, that of these there are only about three hundred whose addresses are unknown.

As the years go by it becomes more and more difficult to obtain information of those who are dead or of those who from some cause have failed to respond to the repeated requests of the Editors. This makes it very urgent to give attention to the notice on page IV if subsequent editions of this book are to have the completeness desired.

We regret that it was impossible to insert the photo-lithographs of the Presidents, etc., referred to in the Preliminary Catalogue.

# ALPHABETICAL INDEX OF STUDENTS.

The numbers preceding the name indicate the class (the graduates and undergraduates having a † in addition). The graduates (classes '40 to '89) are from pages 26 to 77, inclusive; the undergraduates (classes '90 to 94) pages 158 to 162, inclusive, and the matriculates, pages 78 to 157, inclusive. The \* indicates deceased. A surname, common to several students, is not repeated, but must be understood to belong also to the initials immediately following it. The figure following the initials indicates the number of students having that surname in common.

## LOCATION.

---

Davidson College is in Mecklenburg county, North Carolina, on the Atlantic, Tennessee and Ohio Railroad, twenty-two miles north of Charlotte, and twenty-two miles south of Statesville. The post-office is a money order office. There are telegraph and express offices in town. The site of the college and adjacent village is remarkably healthy, being free from malaria and other causes of sickness. Few places are so free from temptations to vice and extravagance. The situation of the college is remote from towns and large villages. By a law of the State no intoxicating liquors are allowed to be sold within three miles of the place.

The college was founded in 1837, and has continued in operation, without any suspension, since it was first opened.

## ADMISSION.

---

AGE.—The earliest age at which, in general, it will be advantageous to enter college is at the completion of the fifteenth year. The Faculty is authorized to matriculate a student at an earlier age, provided sufficient reasons exist.

TESTIMONIALS.—Every applicant for matriculation must submit to the President satisfactory testimonials of good moral character, and, if from an academy or college, a certificate of dismission in good standing.

EXAMINATIONS FOR ADMISSION.—The examinations for admission are both oral and in writing. They are held on Monday and Tuesday before Commencement Day, and also on Tuesday and Wednesday before the opening of the session. All applicants are requested to present themselves on these days.

Students may be admitted, at any time during the year, to any class for which they are prepared. But it is desirable that they enter at the opening of the term, or, if possible, at the beginning of the Academic Year.

ADVANCED STANDING.—Candidates for advanced standing will be examined in all the studies gone over by the class which they purpose to enter.

---

## COURSES OF STUDY.

---

Two regular courses of study are offered :

I. THE CLASSICAL COURSE,—embracing the studies of the ordinary curriculum.

II. THE SCIENTIFIC COURSE,—designed for such as wish to pursue English and scientific studies, to the exclusion of Classical.

ECCLECTIC COURSE.—Persons who do not wish to complete either of the regular courses are permitted, provided they have the requisite qualifications, to select particular branches of study and to recite with the college classes, the number of their studies being subject to the direction of the Faculty. Certificates of subjects studied and of attainments made will be given, if desired, to such as have satisfactorily pursued special studies.

POST-GRADUATE COURSE.—The degree of A. M. will hereafter be conferred on those only who have pursued a prescribed course of study and stood an approved examination. The Post-graduate course is designed for those who wish to obtain this degree. It is open to the graduates of all regular colleges. No tuition fees are charged.

---

## CLASSICAL COURSE.

---

The Classical Course occupies four years. Those who satisfactorily complete this course receive the degree of A. B.

REQUISITES OF ADMISSION.—Candidates for admission to the Freshman Class are examined in the following subjects, for which, however, an equivalent will be accepted :

*Mathematics*—Arithmetic; Algebra—through Radicals to Equations of the Second Degree.

*Latin*—Gildersleeve's Latin Primer and Latin Reader; Gildersleeve's Latin Grammar; Cicero's Orations against Catiline.

*Greek*—Goodwin's Grammar; Goodwin's Reader (the part comprising the first and second books of the Anabasis); White's First Lessons in Greek.

*English*—Grammar; Modern Geography.

REQUIRED AND ELECTIVE STUDIES.—All the studies of the Freshman and Sophomore Classes are obligatory.

In the Junior and Senior Classes all the studies are elective. The studies of these classes are given in the scheme of studies. The members of these classes are required to select five of the subjects there named.

The election is made at the beginning of the academic year, and no change of studies is allowed after the work of the class has begun.

## GENERAL INFORMATION.

---

### ACADEMIC YEAR.

The academic year extends from the second Thursday in September to the third Thursday in June. It is divided by a short recess, which includes Christmas day, into two terms.

The First Term begins on the second Thursday of September and ends a few days before Christmas.

The Second Term begins soon after Christmas and ends on Commencement Day.

The Annual Commencement is held on the third Thursday of June.

The summer vacation is from Commencement Day until the second Thursday in September.

### RELIGIOUS SERVICES.

All the students are required to be present at daily morning prayers in the Chapel, and to attend public worship in the Church on Sunday morning.

The Young Men's Christian Association, conducted by the students, is designed to assist in benevolent and religious labors at and around the College, and to promote among the students an interest in the various forms of Christian enterprise.

Instruction is given in Old and New Testament History every Sabbath afternoon. All the members of the College are required to attend.

#### INFIRMARY.

There is a well furnished Infirmary for the sick, and skilful medical attendance without charge to the students.

#### LIBRARIES AND APPARATUS.

The Libraries of the College and of the Literary Societies contain, in the aggregate, about nine thousand volumes. The three libraries have recently been consolidated in the spacious library room in the main college building.

The Cabinet of Mineralogy and Geology, and the apparatus for Chemistry, Astronomy, and Physics are valuable and sufficient for thorough instruction in these sciences.

#### LITERARY SOCIETIES.

There are two Literary Societies connected with the College—the Philanthropic and the Eumenean. Each has a commodious and handsomely furnished hall.

Both are well conducted, and afford opportunities for exercise in debate, composition, and public speaking.

The DAVIDSON MONTHLY, a literary magazine, is published under the auspices of the two societies.

The annual meeting of the *alumni*, honorary and acting members of each society is held on Tuesday before Commencement Day, at 8 P. M. The public exhibition of both societies takes place on Wednesday before Commencement Day, at 8 P. M.

In each society prizes are annually awarded for eminent ability in rhetorical and literary exercises.
